The first of Spike's omnibus editions includes, *Silly Verse for Kids*, and *A Book of Milliganimals*. Both books have been taken in the original hardback form and put into this edition. The name of *A Book of Milliganimals* has been reduced to *Animals*.

The production of the book would not have needed any input from Spike at all. The cover image is an amalgam of images from the two books, the lion from *Milliganimals* and the children and squirrel from *Silly Verses*. The images have been altered though, they have been redrawn. This is not something Spike is likely to have done as he was not known for his redrafted or editing. There is no credit given for cover design.
