This series of books, produced for the NSW State Bicycle Advisory Committee, is an example of Spike championing good causes. It probably came about on one of his many trips to Australia to see his parents at Woy Woy.

It is a Pamphlet/booklet produced for the NSW State Bicycle Advisory Committee by the Traffic Authority of NSW and given to students in schools throughout New South Wales. The books are now highly priced \$30 to \$100+ AUD.

You can almost imagine the Bicycle Advisory Committee producing the pamphlets, sending them to Spike, he doodles and scribbles all over them and hey presto another three Spike Milligan books. Actually he does add illustrations and in the third book, for parents of little kids there are three poems. They are full of the Milligan humour, each tailored for its specific audience.
